

the first two cases, the first two terms of the series are equal to zero.

For the third case, the first two terms of the series are equal to zero.

For the fourth case, the first two terms of the series are equal to zero.

For the fifth case, the first two terms of the series are equal to zero.

For the sixth case, the first two terms of the series are equal to zero.

For the seventh case, the first two terms of the series are equal to zero.

For the eighth case, the first two terms of the series are equal to zero.

For the ninth case, the first two terms of the series are equal to zero.

For the tenth case, the first two terms of the series are equal to zero.

For the eleventh case, the first two terms of the series are equal to zero.

For the twelfth case, the first two terms of the series are equal to zero.

For the thirteenth case, the first two terms of the series are equal to zero.

For the fourteenth case, the first two terms of the series are equal to zero.

For the fifteenth case, the first two terms of the series are equal to zero.

For the sixteenth case, the first two terms of the series are equal to zero.

For the seventeenth case, the first two terms of the series are equal to zero.

For the eighteenth case, the first two terms of the series are equal to zero.

For the nineteenth case, the first two terms of the series are equal to zero.

For the twentieth case, the first two terms of the series are equal to zero.

For the twenty-first case, the first two terms of the series are equal to zero.

For the twenty-second case, the first two terms of the series are equal to zero.

For the twenty-third case, the first two terms of the series are equal to zero.

For the twenty-fourth case, the first two terms of the series are equal to zero.

For the twenty-fifth case, the first two terms of the series are equal to zero.

For the twenty-sixth case, the first two terms of the series are equal to zero.

For the twenty-seventh case, the first two terms of the series are equal to zero.

For the twenty-eighth case, the first two terms of the series are equal to zero.

For the twenty-ninth case, the first two terms of the series are equal to zero.

For the thirtieth case, the first two terms of the series are equal to zero.
