Congreve, [Sir William].- The Details of the rocket system: shewing [!] the various applications of this weapon, both for sea and land service, and its different uses in the field and in sieges. Illustr. by (13) plates of the principal equipments, exercises, and cases of actual service, with general instructions for its application, and a demonstration of the comparative economy of the system. Drawn up by Colonel Congreve, for the information of the officers of the rocket corps, and others whom it may concern. [Faks.-T.] - London 1814: J. Whiting. 20 ungez. Bl. quer-8^o
