

**Steinitz, Francis.** The ship, its origin and progress being a general history from its first invention to the latest improvements; forming a complete account of the naval events of the ancients, the middle ages, and the modern epochs, to the clase of 1848; including the state of the navies of all nations, episodes, and lines of shipping; discoveries, colonization, and commerce; with an appendix, containing a concise description of every kind of vessel. Illustrated with twenty four plates, representing the ships of all kinds and times, and ten of coloured flags; also fine large diagrams of naval battles, and numerous wood engravings. (Donation Liechtenstein.)  
4. London **1849.**
